

Thank you for choosing the Lincoln Marsh Natural Area for your educational experience.

Here are a few tips to make your experience safe and comfortable...

Listen to the Weather Forecast

before you dress for your trip to Lincoln Marsh:

- Sunny Day – hat and sunscreen
- Winter Day – warm coat, socks, hat and mittens
- Rainy Day – hat and raincoat

Wear Boots or Sturdy Shoes

to keep your feet warm, dry and free from pokes. Do not wear sandals.

Wear Long Sleeves and Long Pants

in all seasons or you might be sorry! (scratchy bushes, mosquitos...yikes!)

Bring Water!

It's nature's soft-drink and will always keep you hydrated and happy.

Wear Bug Spray

Mosquitos share our space at Lincoln Marsh; please use bug spray in the warmer months.

Something Extra to Know

There is no running water in our restroom, so pack some Wet Ones or moist paper towels for clean up.

We hope you enjoy your visit to the Lincoln Marsh, and we invite you to come back soon. If you have questions, please call us at 630.871.2810.
